

JHS, SHS Celebrates International Education Day
by JC Jaucian and Abigail Baladad

Philippine School Doha celebrated International Education Day with the theme *'Education is Everyone's Responsibility'* on January 22 for the Senior High School students and January 23 for the Junior High School students through various activities such as quiz bees, film viewings, and reflective sessions.

Senior High School students participated in a classroom-based poster-making activity, while Junior High School students showcased creativity and collaboration through events such as group presentations, interactive booths, games that promoted different aspects of human well-being, a parade of professions, banner-making contest and a pageant where they dressed up as professionals they wish to become in the future.

The following are the winners:

Banner Making Contest Winner	<i>10-Einstein</i>
-------------------------------------	--------------------

Pageant Winners	
1st Place	<i>Alijah Abrenica Unica De vera</i>
2nd Place	<i>Aaron Enriquez Janna Cabang</i>
3rd Place	<i>Jared Honrado Leenelle Legaspi</i>
4th Place	<i>Brent Pajarillo Loreese Sapico</i>

Furthermore, the Grade 7 students held an event outside of their hallways where they used a variety of group presentations to engage their teachers and other students. On the other hand, the Grade 8 students included different aspects of human well-being into entertaining booths and games for everyone in their respective classrooms. The Grade 9 students learned about educational systems, possibilities, and issues around the world. Finally, the Senior High School department celebrated with a poster-making activity on the theme: '*Preserving Human Agency in a World of Automation*,' where students had a chance to create their own posters.

This event is being celebrated to highlight the dedication to advancing education, fostering innovation, and improving global access to learning. It emphasizes the transformative power of education in driving progress and building a knowledge-based society. It also supports global efforts to provide quality education for underserved communities, reinforcing a commitment to sustainable development.
